Static window foils | Self adhesive foils | Tablecloths

## INTRODUCTION

Van Merksteijn Plastics is part of a large industrial group known for being product-driven and one step ahead of the competition. We manufacture a wide range of self adhesive and static decorative films (GEKKOFIX), as well as tablecloths (GEKKOTEX) and printmedia (GEKKOMEDIA) in our factory in the Netherlands. Our products all meet the necessary quality standards and we are leaders in product development, offering a range that is known to be the best in the market.

We are proud to present you our novelties for 2018. We have worked hard to further distinguish our collection and are very satisfied with the result and are eager to show you these unique designs.

Sincerely,
